### Evangelism Campaign June 5-8

So far we have 28 people signed up for our campaign in June. That is absolutely wonderful. Thank you all for your willingness to serve in this effort. I know there are more that will sign up too because you have told me you would. Please make sure if you can help in any way and at any time, sign up. We will use the sign up list to finalize our plans. Remember, our goal in this is to spread the good news of Jesus Christ and invite people to worship with us. If you haven't received the information about this campaign the sheets are in the foyer, under the mailboxes with everything you need to know.

Let's worship God together!

We Love You!

Adam

## One Word Study

### Righteousness

Dictionaries typically define righteousness as “behavior that is morally justifiable or right.” The behavior of a righteous person is characterized by accepted standards of morality, justice, virtue, or uprightness. The English word goes back to a base meaning rightwise, “in the straight (or right) way.”

The Hebrew words used in the Old Testament for this behavior/attitude are *tsedeq* translated righteous and *tsedaqah* translated righteousness. The word *tsedaqah* is translated in various ways: honesty, justice, merits, right, righteous, righteous acts, righteous deeds, righteously, righteousness, rights, and vindication. It is seen clearly as a divine attribute and one that humans should strive to develop.

The Greek word translated righteousness in the Septuagint (the Greek translation of the Old Testament) and the New Testament is *dikaïosunē*. It is used in secular Greek literature primarily to describe conduct in relation to others, especially regarding the rights of others in business, in legal matters. It is frequently used as the declaration that one is innocent of a crime for which he has been accused. It is used contrasted with wickedness. The person who lacks righteousness is self-centered and neither reveres God nor respects man. The complexity of the Greek word may explain the occasional instances when the Septuagint used *dikaïosynē* to translate not only *tsedeq* and its cognates but other roots such as *hesed* (loving kindness, grace, covenant mercy), and *mišpāt* (judgment, justice).

Unfortunately in English we may fail to see the connection between righteousness and justification. English translations use two different roots to translate the same Semitic and Greek root: right, righteous, righteousness, and just, justice, justify, justification.

Interestingly, the Bible deems that true, perfect righteousness is not possible for man to attain on his own. Only God attains the idea. In a law court setting, righteousness indicates the standing of a person in relation to the court’s decision. God saw Abraham’s faith and reckoned it to him as righteousness (Genesis 15:6). God declared him righteous even though he was not.

The New Testament uses the term righteousness in one form or another no less than 228 times. It appears at least 40 times in Romans.
